Letter to CELC from Bathurst Sustainable Development

- The letter presents 8 points, some of which require re-direction to varying government agencies, Bennett Environmental Inc., Jacques Whitford Environment Ltd, or the Belledune Planning Commission.
- DELG stated that point #1 was also forwarded to them and they will address it.
- Points 2-4 will be addressed by the CELC with input from DELG.
- Point 5 generated discussion about what the CELC's responsibility is; the CELC is to provide a liaison between the company (Bennett) and the community. The CELC feels it is best to direct BSD to the DH&W for an answer to their question.
- Point 6 again requires CELC to direct BSD to the Belledune Planning Commission.
- Point 7; the Q&A section on the website is a work in progress; every effort will be put towards updating the section and inclusion of all questions received from outside groups.
- Point 8; CELC will address with input from DELG.
