Q&A ON PROXY VOTING

Q: What am I voting on?

A: Shareholders are voting on:

- the election of directors to the board of directors of the Corporation (the "**Board**") for 2006; and
- the appointment of auditors for the Corporation for 2006.

Q: Who is entitled to vote?

A: Shareholders as of the close of business on July 5, 2006 (the "**Record Date**") are entitled to vote. Each Common Share is entitled to one vote on those items of business identified in the Notice of Meeting.

If you acquired your shares after the Record Date, please refer to the answer to the question "What if ownership of shares has been transferred after July 5, 2006?" to determine how you may vote such shares.

Q: How do I vote?

A: There are two ways you can vote your shares if you are a registered shareholder. You may vote in person at the Meeting or **you may sign the enclosed form of proxy appointing the named persons or some other person you choose, who need not be a shareholder, to represent you as proxyholder and vote your shares at the Meeting.** If your shares are held in the name of a nominee, please refer to the answer to the question "If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?" to determine how you may vote your shares.

Q: What if I plan to attend the Meeting and vote in person?

A: If you are a registered shareholder and plan to attend the Meeting on August 8, 2006 and wish to vote your shares in person at the Meeting, do not complete or return the form of proxy. Your vote will be taken and counted at the Meeting. Please register with the transfer agent, Computershare Trust Company of Canada, upon arrival at the Meeting. If your shares are held in the name of a nominee and you wish to attend the Meeting, refer to the answer to the question "If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?" for voting instructions.

Q: Who is soliciting my proxy?

A: **The enclosed form of proxy is being solicited by management of Bennett Environmental Inc.** and the associated costs will be borne by the Corporation. The solicitation will be made primarily by mail but may also be made by telephone, in writing or in person by the employees of the Corporation and/or Computershare Trust Company of Canada.

Q: What happens if I sign the form of proxy enclosed with this Circular?

A: Signing the enclosed form of proxy gives authority to David Williams, Chairman of the Board of the Corporation, or failing him, Allan Bulckaert, President and Chief Executive Officer of the Corporation, or to another person you have appointed, to vote your shares at the Meeting.

Q: Can I appoint someone other than these representatives to vote my shares?

A: Yes. **Write the name of this person, who need not be a shareholder, in the blank space provided in the form of proxy.** It is important to ensure that any other person you appoint is attending the Meeting and is aware that he or she has been appointed to vote your shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare Trust Company of Canada.

Q: What do I do with my completed proxy?

A: Return it to the Corporation's transfer agent, Computershare Trust Company of Canada, in the envelope provided, at "Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1", or by fax to (416) 981-9803 or 1-866-249-7775, so that it arrives no later than 9:00 a.m. (Eastern Standard Time) on August 3, 2006. This will ensure that your vote is recorded.

Q: If I change my mind, can I take back my proxy once I have given it?

A: Yes. If you change your mind and wish to revoke your proxy, prepare a written statement to this effect. The statement must be signed by you or your attorney as authorized in writing or, if the shareholder is a corporation, signed under its corporate seal or by a duly authorized officer or attorney of the corporation. This statement must be delivered either to the head office of the Corporation no later than 9:00 a.m. (Eastern Standard Time) on August 4, 2006 or to the Chairman on the day of the Meeting, August 8, 2006, or any adjournment of the Meeting, prior to the time of voting.

Q: How will my shares be voted if I give my proxy?

A: The persons named on the form of proxy must vote for or against or withhold from voting your shares in accordance with your directions. **In the absence of such directions, however, your shares will be voted in favour of the matters specified in the notice of meeting if you have appointed a management nominee as your proxyholder.**

Q: What if amendments are made to these matters or if other matters are brought before the Meeting?

A: **The persons named in the form of proxy will have discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting which may properly come before the Meeting and with respect to other matters which may properly come before the Meeting.**

As of the date of this Circular, management of the Corporation knows of no such amendment, variation or other matter expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the form of proxy will vote on them in accordance with their best judgement.

Q: How many shares are entitled to vote?

A: As of June 30, 2006, there were 21,614,940 Common Shares outstanding. Each registered shareholder has one vote for each Common Share held at the close of business on July 5, 2006.

Q: What if ownership of shares has been transferred after July 5, 2006?

A: The person who acquired such shares after July 5, 2006 must produce properly endorsed share certificates or otherwise establish that he or she owns the shares and must ask the Corporation no later than 4:00 p.m. (Eastern Standard Time) on July 29, 2006 that his or her name be included in the list of shareholders before the Meeting in order to be entitled to vote these shares at the Meeting.

Q: How will the votes be counted?

A: Each question brought before the Meeting is determined by a majority of votes cast on the question. In the case of equal votes, the Chairman of the Meeting is not entitled to a second or casting vote.

Q: Who counts the votes?

A: The Corporation's transfer agent, Computershare Trust Company of Canada, counts and tabulates the proxies. This is done independently of the Corporation to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Corporation only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

Q: If I need to contact the transfer agent, how do I reach them?

A: You can contact the transfer agent as follows:

by mail:

Computershare Trust Company of Canada
Proxy Department
100 University Avenue, 9th Floor
Toronto, Ontario, M5J 2Y1

or by telephone:

within Canada and the United States at 1-800-332-0095
- all other countries (416) 981-9633

Q: If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?

A: There are two ways you can vote your shares held by your nominee. Unless you have previously informed your nominee that you do not wish to receive material relating to the Meeting, you will have received this Circular from your nominee, together with a request for voting instructions for the number of shares you hold.

For your shares to be voted for you, please follow the voting instructions provided by your nominee. If you are a non-registered shareholder who has voted and want to change your mind and vote in person, contact your nominee to discuss whether this is possible and what procedure to follow.

Since only registered shareholders or their proxies can attend and vote at the Meeting, as a non-registered holder, if you attend the Meeting the Corporation's shareholder register will not show you as a registered shareholder and the Corporation will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you are a non-registered shareholder and wish to vote in person at the Meeting, insert your own name in the space provided on the voting instruction form sent to you by your nominee. Then sign and return the voting instruction form by following the signing and returning instructions provided by your nominee. By doing so, you are instructing your nominee to appoint yourself as proxyholder. Do not otherwise complete the voting instruction form as your vote will be taken at the Meeting. Please register with the transfer agent, Computershare Trust Company of Canada, upon arrival at the Meeting.

On March 2, 2005, the Audit Committee adopted an amended and restated charter following a review thereof in light of the AMEX Provisions.

The composition of the Audit Committee complies with the provisions of the AMEX and the provisions of Multilateral Instrument 52-110 "Audit Committees" of the Canadian Securities Administrators ("**MI 52-110**"). The Audit Committee Charter can be found as Appendix I of the Corporation's 2005 Annual Information Form dated May 31, 2006 and additional information about the Audit Committee can be found under the heading "Audit Committee Information" in the same document.

Under its charter, the Audit Committee's primary duties and responsibilities are:

- administering the Whistleblower Policy of the Corporation.

In addition to the above, the Audit Committee during 2005 reviewed the applicability of certain regulatory rules to the operation and preparation of financial statements for the Corporation.

The Audit Committee's charter requires all Committee members satisfy the applicable independence requirements of the AMEX Provisions and MI 52-110 and all other regulatory requirements. During the fiscal year of the Corporation ended December 31, 2005, the Committee was comprised of Messrs. David Williams, George Ploder and Adam Lapointe, each of whom met the independence and the financial literacy requirements of the AMEX Provisions and MI 52-110. The Human Resources and Compensation Committee was established on February 10, 2004 and it formally adopted its charter in March 2005. Under its charter, the primary purposes of the Committee are:

- to assist the Board in discharging its responsibilities in respect of compensation of the Corporation's executive officers, including setting salary and annual bonus levels for the Corporation's senior executive officers as well as overseeing the senior staff bonus plans, subject to the approval of the Board;
- to produce an annual report for inclusion in the Corporation's information circular on executive compensation;
- to provide recommendations to the Board in connection with directors' compensation; and
- to provide recommendations to the Board in connection with succession planning for senior management of the Corporation.

In carrying out its primary purposes, the Committee is required to perform the following work:

- developing guidelines and approving corporate goals relevant to the compensation of the Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of these goals and objectives, recommending to the Board the Chief Executive Officer's compensation based on this evaluation, and producing an annual report on executive compensation for inclusion in the Corporation's management information circular, in accordance with applicable rules and regulations;
- reviewing the annual performance evaluations of all senior officers of the Corporation and its subsidiaries;
- making recommendations to the Board with respect to incentive-compensation plans and equity-based plans, and establishing criteria for the granting of options to the Corporation's officers and other employees and reviewing and approving the granting of options in accordance with such criteria;
- developing plans for managerial succession of the Corporation;
- reviewing director compensation levels and practices, and recommending, from time to time, changes in such compensation levels and practices to the Board; and
- reviewing and reassessing the adequacy of its charter and recommending any proposed changes to the Board for approval.

The Committee's charter requires that Committee members satisfy the applicable independence requirements of NI 58-101 and other regulatory requirements. During the fiscal year of the Corporation ended December 31, 2005, the Committee was comprised of Mr. George Ploder, who met the independence requirements of NI 58-101 and the AMEX Provisions, and the Committee reported to the Board regularly at Board meetings. On March 2, 2006, Mr. David Williams was appointed to the Committee who also met the independence requirements of NI 58-101, NP 58-201 and the AMEX Provisions.

In March 2005, the Committee recommended to the Board for the adoption of a formal compensation policy for non-employee directors. The policy was adopted on March 2, 2005, setting out compensation schemes for non-employee directors effective as of September 1, 2004. See "Executive Compensation – Compensation of Directors" of this Circular for details of this policy.

Report on Executive Compensation

Compensation Philosophy

The Corporation's compensation policies and programs are designed to be competitive with the industry and to recognize and reward executive performance consistent with the success of the Corporation's business. These policies and programs are intended to attract and retain capable and experienced people. In addition, the Corporation believes that directors, officers and employees should have their benefits aligned with both the short and long term interests of the shareholders. Among other things, the Board encourages equity ownership by executive officers.

In addition to industry comparables, the Board of Directors considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long range interests of the Corporation and its shareholders, overall financial and operating performance of the Corporation and the Board's assessment of each executive's individual performance and contribution towards meeting goals and objectives.

The total compensation plan for executive officers is comprised of three components: base salary, cash bonuses and stock options/SAR's. The relative emphasis placed on each of the various components is dependent on the individual circumstances of the executive officer. However, on average, compensation is generally comprised of 40% salary, 20% cash bonus and 40% stock options/SAR's. In establishing base salaries, the Board of Directors reviews competitive market data, salary surveys and consults with recruitment specialists for each of the executive positions and determines a placement at an appropriate level in a range. Compensation is typically negotiated with the candidate for the position prior to his or her final selection as an executive officer.

Cash bonuses are used to reward officers for meeting specific performance targets as mutually agreed upon on an annual basis. All officers are eligible for cash bonuses based on the performance of the Corporation using financial

measuring matrix such as EBITDA, return on capital employed, and free cash flow. On recommendations of the Human Resources and Compensation Committee, cash bonuses were paid for 2005 performances to the President and Chief Executive Officer, Al Bulckaert (\$75,000), Chief Financial Officer, Andrew Boulanger (\$50,000), Vice President, Governmental Relations and Environmental Affairs, Michael McSweeney (\$30,000) and Vice President, Marketing and Sales, Bryan Maskell (\$18,750).

The third component of the compensation plan is the Stock Option Plan. As stated above, the purpose of granting stock options and SAR's is to assist the Corporation in attracting, retaining and motivating directors, officers and employees of the Corporation or any of its subsidiaries, or a consultant and to closely align the personal interests of such directors, officers, employees and consultants with those of shareholders. The amount and terms of outstanding options and SAR's are taken into account when determining whether and how many new option and SAR grants be made.

President and Chief Executive Officer

The Human Resources and Compensation Committee and the Board continue to be of the view that the President and Chief Executive Officer provides the leadership that permitted the Corporation to take steps to ensure the improvement of the Corporation's performance and business practices. In making their compensation decision, the Committee considered other factors, including his contribution to the business performance and anticipated future performance of the Corporation.

Mr. Allan Bulckaert was appointed President and Chief Executive Officer of the Corporation effective February 18, 2004. In 2004, Mr. Bulckaert's salary was set by the Board using the general compensation guidelines of 40% salary, 30% cash bonus and 30% stock options. Mr. Bulckaert's annual salary for fiscal 2005 of \$300,000 per annum was subjectively determined to be commensurate with the role, responsibilities and objectives for the position. In November 2005, Mr. Bulckaert received a salary increase of \$20,000, as well as a contribution of \$16,500 to an RRSP Plan.

Going forward, the Human Resources and Compensation Committee and, as appropriate, the Board, will address other issues relating to executive compensation, including the relative emphasis on the components of executive compensation, including compensation for the Corporation's President and Chief Executive Officer.

This report is submitted by the Human Resources and Compensation Committee.

George Ploder (Committee member)

Report of the Environmental and Safety Committee

In March 2005, the Environmental Review and Safety Committee was renamed as the Environmental and Safety Committee and formally adopted its charter. Under its charter, the primary purposes of the Environmental and Safety Committee are:

- to assist the Board and management in respect of the review of compliance with environmental and safety requirements by the Corporation and its subsidiaries;
- to ensure that environmental and safety compliance policies and guidelines for the Corporation and its subsidiaries are developed;
- to examine the adequacy of the environmental policies and guidelines in light of changing requirements and providing suggestions for improvement;
- to ensure that a proper system is in place to conduct and to review environmental audits and assessments of compliance;
- to assess the availability of necessary corporate resources for effective environmental management;
- to review management plans and long-term objectives for improved environmental performance; and
- to produce an annual report for inclusion in the Corporation's information circular.

To accomplish its purposes, the Environmental and Safety Committee is required to perform the following tasks:

- making recommendations to the Board with respect to the environmental and safety compliance of the Corporation and its subsidiaries;
- developing and reviewing environmental and safety compliance policies and guidelines of the Corporation and its subsidiaries;
- reviewing the environmental and safety compliance activities of the Corporation to ensure that they are within the guidelines established by the environmental and safety compliance policies from time to time approved by the Board; and
- reviewing compliance with the environmental and safety compliance policies and guidelines adopted from time to time by the Corporation's subsidiaries.

Pursuant to its charter, the majority of Environmental and Safety Committee members must satisfy the applicable independence requirements of the regulatory requirements.

During the fiscal year of the Corporation ended December 31, 2005, the Committee was comprised of Mr. Pierre Meunier, Mr. Adam Lapointe and Mr. James Blanchard, the majority of whom are considered independent pursuant to NI 58-101 and the AMEX Provisions. The Committee reported to the Board regularly at Board meetings.

Report of the Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee was established on September 16, 2002 originally as the Corporate Governance Committee. On March 2, 2006, the Corporate Governance Committee was reconstituted as the Corporate Governance and Nominating Committee and a written charter was adopted. During 2004 while the Committee was the Corporate Governance Committee, the Committee member was Mr. David Williams and the Committee reported to the Board regularly at Board meetings. From March 2, 2005 to May 11, 2005, the Corporate Governance and Nominating Committee was composed of three directors, being Messrs. George Ploder, David Williams and James Blanchard, with Mr. Williams being the chair. Since May 11, 2005, the Corporate Governance and Nominating Committee is composed of three directors, being Messrs. Stewart McInnes, David Williams and James Blanchard, with Mr. Williams being the chair. All of the Committee members are outside non-management directors and unrelated to the Corporation and satisfy the independence requirements of NI 58-101, NP 58-201 and the AMEX Provisions.

The Corporate Governance and Nominating Committee provides a formal mechanism for developing and monitoring the Corporation's system of corporate governance. Its mandate is to: (i) monitor and evaluate the Corporation's corporate governance policies and procedures and propose improvements as appropriate; (ii) provide a forum for the concerns of individual directors of the Corporation about matters which may not be appropriate for discussion in full meetings of the Board; (iii) to develop and review criteria for Board and committee membership including independence and competence criteria, and to recommend size and composition of the Board with a view to assuring that the Corporation has sufficient strength on the Board to provide the corporate governance necessary to assist the Corporation in achieving its short and long-term goals, (iv) identifying individuals qualified to become Board members and recommending that the Board select a group of director nominees for each next annual meeting of the Corporation's shareholders; (v) ensuring that the Audit Committee, Environmental and Safety Committee and Human Resources and Compensation Committee of the Board have the benefit of qualified and experienced "independent" directors.

The specific responsibilities of the Corporate Governance and Nominating Committee with respect to Corporate Governance include making recommendations to the Board with regard to: (i) methods of assessing the effectiveness of the Board, the committees and the contributions of individual directors; (ii) the corporate governance principles and practices of the Corporation; (iii) communication processes between the Board and management; (iv) mandates, size and composition of Board committees; (v) retirement policy for members of the Board; and (vi) proposed changes to its charter after annually reviewing and reassessing the adequacy of the charter.

Stock Option Plan

The Corporation has established a stock option plan dated February 23, 1999, as amended (the "**Plan**" or the "**Stock Option Plan**"), for the granting of incentive stock options and stock appreciation rights ("**SARs**") to directors, officers and employees of the Corporation or any of its subsidiaries, or to a consultant. The purpose of granting such options and SARs is to assist the Corporation in attracting, retaining and motivating directors, officers and employees of the Corporation or any of its subsidiaries, or a consultant, and to more closely align the personal interests of such directors, officers, employees and consultants to those of shareholders.

The maximum number of Common Shares which may be issued pursuant to stock options granted under the Plan is 10% of the issued and outstanding Common Shares at the time of the grant. Any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the Plan. Further, if options are exercised, additional options equal to the number of the exercised options will again be available for grant under the Plan.

The Stock Option Plan permits the Board of Directors to grant options for the purchase of Common Shares of the Corporation for a term of up to 10 years. The number of Common Shares granted pursuant to each option is determined in the discretion of the Board of Directors, provided that (i) in the case of any one person, the aggregate number of Common Shares reserved for issuance may not exceed 5% of the Common Shares outstanding at the time of the grant less the aggregate number of Common Shares reserved for issuance to such person under any other option to purchase Common Shares from treasury granted as a compensation or incentive mechanism, and (ii) in the case of insiders, the aggregate number of Common Shares reserved for issuance may not exceed 10% of the Common Shares outstanding at the time of the issuance, less the aggregate number of Common Shares reserved for issuance to insiders under the Stock Option Plan or any other share compensation agreement.

In accordance with the provisions of the Stock Option Plan, the option price and the terms and conditions on which the options may be exercised are set out in written stock option agreements, in the form approved by the Board of Directors, entered into by the Corporation and each option holder. Under the Stock Option Plan, the option price is determined by the Board of Directors, provided that the price is not less than the "fair market value" of the Common Shares on the stock exchanges where they are traded on the trading day immediately preceding the date of the grant, or in the event that there were no transactions during the 10 day trading period immediately preceding the date of the grant, such value as determined by resolution of the Board of Directors, subject to the necessary approvals of applicable regulatory

authorities. "Fair market value" is defined under the Plan as the volume weighted trading price of the Common Shares on the TSX for the five trading days immediately preceding the date of the grant of an option in Canadian dollars; provided that if the Common Shares are suspended from trading or have not traded on the TSX or another stock exchange, the market price will be the fair market value of the Common Shares as determined by the Board. The options are not transferable and terminate on the earlier of the expiry date and 30 days after the optionee ceases to be eligible for any reason whatsoever, other than death. In the event of death, the option is fully exercisable by the optionee's legal representative on the earlier of the expiry date and six months from the date of death. If within six months of a change in control of the Corporation an optionee ceases to be eligible to receive stock options for any reason other than death, the optionee will be permitted to exercise his or her options until the earlier of the expiry date for those options and the date that is 12 months from the date of such termination.

The Stock Option Plan may be amended by the Board, subject to approval of the shareholders as well as the TSX and the AMEX, and subject to compliance with applicable legislation.

The 2005 Bennett Consulting Agreement imposes confidentiality obligations on Mr. Bennett and Bennett Consulting Corp., as well as non-competition and non-solicitation obligations during the term of the agreement and for a period of 12 months after the termination of the agreement. The Corporation may terminate the 2005 Bennett Consulting Agreement upon 2 days prior written notice and a lump sum payment by the Corporation to Bennett Consulting Corp. of all consulting fees earnable for the remainder of the term of the agreement. However, no such lump sum payment will be payable if the Corporation terminates the agreement because of a breach by Bennett Consulting Corp. or John Bennett of their non-competition, non-solicitation or confidentiality obligations under the agreement, or breach of its duty to act honestly, in good faith and in the best interests of the Corporation. Bennett Consulting Corp. may terminate the 2005 Bennett Consulting Agreement upon 2 days prior written notice and the Corporation will be required to pay a lump sum payment to Bennett Consulting Corp. of all consulting fees earnable for the remainder of the term of the agreement if the termination is for reason of material change in consulting services required to be provided without prior written consent of Bennett Consulting Corp., failure of the Corporation to cause its successor to assume the agreement or the Corporation's breach of the agreement.

FINANCIAL STATEMENTS

The shareholders will receive and consider the audited consolidated financial statements of the Corporation for the fiscal year ended December 31, 2005 together with the auditor's report thereon.

ELECTION OF DIRECTORS

Our Board of Directors believes that good corporate governance starts with good directors and an effective board. These elements are essential to the effective management of the Corporation and to the protection of its investors, employees and other stakeholders. In furtherance of this, the mandate of our Board's Corporate Governance and Nominating Committee requires it to:

- (i) establish criteria for the election and re-election of a director in regards to competencies, skills and independence;
- (ii) recommend enhancements to the Board in terms of its composition and size; and
- (iii) identify and recommend prospective directors who possess the requisite skill set.

The Board is a variable board consisting of not fewer than two and not more than fifteen directors and the Board has the power to fix by resolution the actual number of directors from time to time. The Board of Directors, upon the recommendation of the Corporate Governance and Nominating Committee, has fixed the number of directors at seven for the purposes of the Meeting.

Upon the recommendation of the Corporate Governance and Nominating Committee, the seven persons listed below are proposed as nominees for election as directors. Three of the seven nominees are current directors of the Corporation.

Management does not contemplate that any of the nominees will be unable to serve as a director. However, if a nominee should be unable to so serve for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion. Each director elected will hold office until the next annual meeting or until his successor is appointed, unless his office is earlier vacated in accordance with the *Canada Business Corporations Act* (the "CBCA") and the by-laws of the Corporation. **The persons named in the enclosed form of proxy intend to vote for the election of all of the nominees whose names are set forth below.**

APPOINTMENT OF AUDITORS

Management recommends the re-appointment of KPMG LLP Chartered Accountants of Toronto, Ontario, the present auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of the shareholders. KPMG LLP has served as the Corporation's auditors continuously since 1992.

Aggregate fees paid to the Auditors during the fiscal years ended December 31, 2005 and 2004 were as follows:

Fees in thousand of dollars	2005	2004
Audit Fees	\$503.0	\$431.2
Audit-related Fees	-	10.4
Tax Fees	97.8	102.5
All Other Fees	-	-
Total	\$600.8	\$544.1

The Audit Committee Charter provides for the Audit Committee to establish the auditors' fees. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

As discussed in the "Report of the Audit Committee" in this Circular, the Audit Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence. In 2005, the Audit Committee considered and pre-approved expenditure limits for the Corporation's auditors and established a system to review and pre-approve the provision of audit and non-audit services by the Corporation's auditors to ensure they are consistent with maintaining the auditor's independence. In 2005, 100% non-audit services were approved by the Audit Committee.

Shares represented by proxies in favour of the management nominees will be voted in favour of the appointment of KPMG LLP as auditors of the Corporation and authorizing the Board to fix the auditors' remuneration, unless a shareholder has specified in his proxy that his shares are to be withheld from voting on the appointment of auditors.

APPROVAL

The contents and the sending of this Circular have been approved by the directors of the Corporation.

OTHER MATTERS

Management knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice. **However, if any other matter properly comes before the Meeting, the accompanying proxy will be voted on such matter with the best judgement of the person or persons voting the proxy.**

SHAREHOLDERS PROPOSALS

Pursuant to Section 137 of the CBCA, any notice of a shareholder proposal intended to be raised at the 2007 annual meeting of shareholders of the Corporation must be submitted to the Corporation at its head office, to the attention of the Secretary, on or before May 10, 2007, to be considered for inclusion in the management proxy circular for the 2007 annual meeting of the Shareholders.

SCHEDULE "A"

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Canadian securities regulatory authorities have adopted National Instrument 58-101 "Disclosure of Corporate Governance Practices" ("**NI 58-101**"), which requires disclosure of the approach of the Corporation to corporate governance, and National Policy 58-201 "Corporate Governance Guidelines" ("**NP 58-201**"), which provides guidance on corporate governance practices, and in the U.S., the United States *Sarbanes-Oxley Act of 2002* ("**SOX**") as well as the AMEX new listing standards and corporate governance requirements (the "**AMEX Provisions**") require similar disclosure.

OVERVIEW OF CORPORATE GOVERNANCE PRACTICES

Assumption of Responsibilities by the Board of Directors

The Board, either directly or through Board committees, is responsible for management or supervision of management of the business and affairs of the Corporation with the objective of enhancing shareholder value. The roles and responsibilities of the Board and each of its committees are set out in formal written charters. These charters are reviewed annually to ensure they reflect the best practices as well as any applicable regulatory requirements. A report on the activities of each committee during 2005 is included on pages 6 to 12 of this Circular.

The Board participates fully in assessing and approving strategic plans and prospective decisions proposed by management. A significant portion of each regular Board meeting is devoted to strategic plans and opportunities available to the Corporation. Such discussions enable directors to gain a fuller appreciation of planning priorities and provides the opportunity for directors to give constructive feedback to management.

In order to ensure that the principal business risks borne by the Corporation are appropriate, the Board receives and comments on periodic reports from management of the Corporation's assessment and management of such risks. The Board considers risk issues and approves corporate policies addressing the management of the risk including the Corporation's operations, regulatory compliance, technology implementation and disaster planning. The Board also reviews the methods and procedures established by management with respect to the control of key risks.

The Board regularly monitors the financial performance of the Corporation, including receiving and reviewing detailed financial information contained in management reports. The Board, directly and through the Audit Committee, assesses the integrity of the Corporation's internal control and management information systems. As required by SOX and Multilateral Instrument 52-109 "Certification of Disclosure in Issuer's Annual and Interim Filings", the Chief Executive Officer and Chief Financial Officer have provided certificates relating to the contents of the annual statutory reports and have evaluated and reported on the effectiveness of the Corporation's disclosure controls and procedures and any material changes to internal controls for financial reporting which has or may have a material impact on the Corporation's internal control over financial reporting.

In March 2005, the Board adopted a Disclosure Policy which governs, among other things, the appropriateness and timing of the release of information with respect to developments at the Corporation. The policy establishes consistent guidelines for determining what information is material, how it is to be disclosed and, to avoid selective disclosure, making all material disclosures on a widely disseminated basis. The Corporation seeks to communicate with its shareholders and other stakeholders through a variety of channels, including its annual report, quarterly reports, annual information form, news releases, website, briefing sessions, group meetings and industry conferences.

The Board regularly receives reports regarding the training and monitoring of senior management of the Corporation and its subsidiaries. Input is received at meetings of the Audit Committee, the Human Resources and Compensation Committee and the Board regarding the performance of senior management. Both the Human Resources and Compensation Committee and the Board have specifically assumed responsibility for reviewing the performance of senior management.

The Board meets at least four times each year, and more frequently as required. The frequency of meetings as well as the nature of the agenda items change depending on the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces from time to time. In 2005, the full Board met in person five times. See "Executive

Compensation - Compensation of Directors" for the attendance record of each director for all Board meetings and committee meetings during the fiscal year ended December 31, 2005.

Corporate Governance Principles

In March 2005, the Board formally adopted a set of corporate governance principles. These principles provide guidelines on Board size, independence of Board members, nominating and orientation of new directors, retirement and resignation of Board members, conduct of Board meetings, conflicts of interest, share ownership by directors, compensation review, assessing Board and committee performance, interaction with third parties and confidentiality. The principles also require each of the Board committees to adopt a written charter approved by the Board, as well as set out minimum numbers for committee meetings.

The Board has explicitly delegated to the Audit Committee the obligation to periodically review and provide recommendations from time to time with a view to ensuring that the corporate financial reporting practices of the Corporation comply with NI 58-101, NP 58-201, the AMEX Provisions and all other securities law requirements.

The Board has explicitly delegated to the Corporate Governance and Nominating Committee the obligation to periodically review and provide recommendations from time to time with a view to ensuring that the corporate governance practices of the Corporation comply with NI 58-101, NP 58-201, the AMEX Provisions and all other securities law requirements.

The Board is satisfied that the Corporation's comprehensive governance program is consistent with NI 58-101, NP 58-201 and the AMEX Provisions.

Composition of the Board of Directors

NI 58-101 defines an "independent director" as one who has no direct or indirect material relationship with the Corporation. It further defines a "material relationship" as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a Board member's independent judgement. This Circular adopts such definitions.

NP 58-201 states that the board of directors of every corporation should have a majority of independent directors. Seven individuals are nominees proposed for election. All seven proposed nominees for director are independent directors.

At the end of each meeting of the Board, time is reserved for a meeting of the independent non-management Directors. In addition, when appropriate, in camera sessions are held at Board and committee meetings in the absence of management. The meeting of the independent, non-management Directors are chaired by the Chairman of the Board, Mr. Williams. The independent Directors are also given the opportunity to meet alone without non-independent, non-management Directors. During Fiscal 2005, the independent Directors met a total of five times.

The Chairman of the Board is David Williams, an independent director. The Chairman's responsibilities include acting as liaison between the Board and the Chief Executive Officer and establishing, in consultation with the Chief Executive Officer and the Board, procedures to govern the Board's performance. Further, the Chairman ensures that the Board operates independently of management and that directors have an independent leadership contact. As part of his responsibilities, the Chairman is responsible for obtaining peer reviews of the operation of the Board to obtain insight as to areas where the Board and its committees could be operating more effectively. The Chairman chairs all Board meetings including meetings at which only independent directors are present. During their meetings, several Board committees also hold sessions with only independent directors present.

The Board believes that the size and composition of the Board serves the Corporation and its shareholders well. The Board believes that all of its directors, including its non-independent director(s), make a valuable contribution to the Board and the Corporation. As indicated above, a majority of the Corporation's current directors are independent. The director(s) who is not independent possesses extensive knowledge of the Corporation's business and has extensive business experience, both of which have proven to be beneficial to the other directors, and his participation as a director contributes to the effectiveness of the Board. The Board also believes that the directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in appropriate circumstances. All seven director nominees are independent.

See "Particulars of Matters to be Acted Upon - Election of Directors" for biographies of the Director nominees.

The following table sets out the directorships held by the Director nominees in other public companies.

Committees

The Board has four committees, an Audit Committee, a Human Resources and Compensation Committee, a Corporate Governance and Nominating Committee and an Environmental and Safety Committee. All of the Board committees are composed solely of outside directors.

The majority of the current directors are independent directors in accordance with NI 58-101, NP 58-201 and the AMEX Provisions. All of the directors on the committees of the Board are independent directors in accordance with NI 58-101, NP 58-201 and the AMEX Provisions, except Mr. Pierre Meunier who serves on the Environmental and Safety Committee. The composition, mandate and activities of each committee are set out under "Statement of Corporate Governance Practices – Reports of Board Committees" of this Circular.

Position Descriptions

The Board has given a mandate to the Human Resources and Compensation Committee to develop position descriptions for senior management. Guidelines have been developed and approved by the Board which set out those matters requiring Board approval. See above under "Composition of the Board of Directors" for the position description for the Chairman of the Board. The Board has not yet approved mandates for the Chairman of the Board committees or the President and Chief Executive Officer of the Corporation. Nevertheless, in each instance the person charged with such position is effectively charged with the responsibility of overseeing the efficient operation of the Board, its committees or Management of the Corporation, respectively. It is expected that written mandates will be implemented during the Corporation's current financial year.

Certain of the principal duties of the Chairman of each Board committee is to preside over meetings of the committee and to provide leadership to enhance the effectiveness and focus of the committee. The President and Chief Executive Officer of the Corporation is responsible for the day-to-day operation of the Corporation and in fulfilling such responsibilities is required to act honestly and in good faith with a view to the best interests of the Corporation.

Director Orientation and Continuing Education

In accordance with NI 58-101 and NP 58-201, the Corporation has established a process to provide an orientation and education program for new recruits to the Board. The Corporate Governance and Nominating Committee is responsible for proposing new directors to the Board. In addition, the orientation of new directors and the ongoing development of existing Directors is the responsibility of the Corporate Governance and Nominating Committee. New directors are advised of the Corporation's corporate governance practices and policies, are requested to review the Corporation's most recent significant public disclosure documents, and such other documents as the Corporate Governance and Nominating Committee may deem appropriate. In addition, senior management of the Corporation makes regular presentations to the Board on the main areas of the Corporation's business. Directors are encouraged to meet regularly with Management and are invited to tour the Corporation's various facilities.

Board Functioning and Independence

The Board policy requires that all major strategic decisions, including any change in the strategic direction of the Corporation, be presented by management to the Board for approval. As part of its ongoing activity, the Board regularly receives and comments upon reports of management as to the performance of the Corporation's business and management's expectations and planned actions in respect thereto.

The Board reviews the adequacy and form of the compensation of directors to ensure the compensation realistically reflects the responsibility and risk involved in being an effective director. The Board has made it a priority to continue to examine and develop the processes which it follows in its deliberations in order that it will continue to fulfil its mandate. As well, the Audit Committee, composed entirely of outside directors, has assumed responsibility to review related party transactions.

The Board and the Chief Executive Officer engage in regular dialogue regarding the performance of the senior management team, including the Chief Executive Officer, in achieving the Corporation's strategic objectives as determined by management and the Board. As the Board has plenary power, any responsibility which is not delegated to management or a Board committee remains with the Board.

The Board has formally adopted a Corporate Governance Policy which requires the board to meet at least once annually without management present. In addition, the Board conducts a session without management present each year to review the recommendations of the Human Resources and Compensation Committee. The Human Resources and Compensation Committee also conducts part of its deliberations without management present. As well, the Audit Committee has a policy to meet periodically and at least annually with the Corporation's internal and external auditors without management present.

The Board has implemented a system which enables an individual director to engage an outside adviser at the expense of the Corporation in appropriate circumstances. Prior approval of the Chairman and Chief Executive Officer or the Chair of the Audit Committee is required for the retention of such an adviser.

In addition, the charter established by each of the Audit Committee, the Human Resources and Compensation Committee, the Corporate Governance and Nominating Committee and the Environmental and Safety Committee provide for authority for each such committee to engage internal and external legal, accounting and other advisors, and for the committee to determine the funding necessary for compensation to such advisors.

The Corporate Governance and Nominating Committee conducts an annual evaluation of the effectiveness of the Board, its committees and the contribution of individual directors. The Corporate Governance and Nominating Committee reviews the operation of the Board and committees, adequacy of information provided to directors, Board structure, agenda planning for Board meetings, and the effectiveness of the Chairman in managing Board meetings.

Shareholder Communications

The Corporation endeavours to keep all shareholders well informed as to the financial performance of the Corporation, primarily by means of its annual and quarterly reports, and by press releases. The Board has specifically adopted a disclosure policy and a shareholder communication policy in furtherance of these goals which can be found on the Corporation's website at www.bennettenv.com.

Management of the Corporation is receptive to shareholder feedback in any form. It is the policy of the Corporation to receive and respond promptly to shareholder enquiries, while being guided by legal requirements as well as the Corporation's policies in respect to confidentiality and disclosure.

Code of Business Conduct and Ethics

In 2004, the Corporation formally adopted a Code of Business Conduct and Ethics and related policies, which sets high standards for ethical behaviour throughout the organization.

The Code of Business Conduct and Ethics provides the entire organization with the same frame of reference for dealing with sensitive and complex issues such as conflicts of interest, use of information, confidentiality of personal information, confidentiality of business information, corporate opportunities, use of inside information, fair trading, protection and use of company assets, accounting practices, records retention, compliance with laws, rules and regulations, and duty to report and consequences. The Code of Business Conduct and Ethics applies to employees of the Corporation as well as directors and officers of the Corporation. The Code of Business Conduct and Ethics can be found on the Corporation's website at www.bennettnv.com.

Whistleblower Policy

In March 2005, the Board adopted a Whistleblower Policy and delegated to the Audit Committee the responsibility of investigating and resolving all reported complaints made pursuant to the policy. The Whistleblower Policy can be found on the Corporation's website at [www. www.bennettnv.com](http://www.bennettnv.com).
